FIRST CALL
SEFS14

Bolu, Türkiye

14th Symposium for European Freshwater Sciences **SEFS 14**

Preserve Freshwater, Advance Science, and Leave Hope for Tomorrow!

Welcome Message

The Limnological Society in Türkiye and the European Federation for Freshwater Sciences (EFFS) are pleased to announce that the **14th Symposium for European Freshwater Sciences (SEFS14)** will be held in Bolu, Türkiye (**July 21-25, 2025**).

We would like to invite you to what promises to be an exciting programme of plenary talks, parallel and special sessions as well as poster sessions. We will also offer some interesting excursions to explore fresh waters in our country. Freshwater ecosystems worldwide are under increasing pressures from human activities including climate change stressors and now more than ever there is an urgent need to accelerate our research to find solutions. SEFS14 provides the platform to share and pool our research findings and foster collaboration. SEFS14 will also support early career researchers with tailored training and workshop opportunities organised in collaboration with the early career (EFYR) group of EFFS

Online registration is now open with early bird prices, and it is available on the website (<https://www.sefs14.com/>). Details about the bank account and how to make payments will be provided in the second call.

Call for Special Session and/or Workshop Proposals

Special session and/or workshop proposals are welcome until 30 November 2024.

If you are interested in hosting a Special Session or a workshop you can download the Special Session form from our website at <https://www.sefs14.com/workshops-special-sessions> and return it to sefs14bolu@gmail.com.
